## The Most Unique Experience of Its Kind!

For more than twenty-five years veteran balloonist, Stan Hess, along with his team members and affiliates, has shown guests a first class ballooning experience across the United States and throughout Switzerland, Germany, France, and Japan. His love of ballooning quickly became a passion that he wanted to share with others and he has been dedicated to delivering the most fun-filled, awe inspiring, safe and comfortable trips to his guests with each lift-off.

Few experiences in life compare to a hot air balloon flight. Whether it's your first flight or your fiftieth, you will love this sensational event. The thrill of lifting off, the splendor of floating above the landscape, the magnificent vistas, and the gentle return to earth are all absolutely exhilarating.

Our guests are invited to participate in the inflation of the balloon and to ask questions of our expert, certified pilots. As your balloon lands, you'll have an opportunity to greet local farmers and neighbors, who often run to meet the balloon and help The Team deflate it and pack it up. And, before heading back to our starting point, we'll take a moment to relax and recall the experience, while sipping a glass of champagne and enjoying a few simple snacks.
